Subject: CityUnite Update

Roger,

Here is an update on how things are going with the CityUnite (formerly NW Network). Thanks again for all of your support and prayers...

On January 1st, the NW Network became "Cityunite." We still have the same mission and vision, we just have a new and improved name. God continues to open some incredible doors for our organization. This year we will be partnering with The Denver Leadership Foundation to plan the Colorado Prayer Luncheon. This is an incredible event that brings together many of the Kingdom minded people in our city once a year. Feel free to join us on May 10th this year.

All of the churches in our network are currently taking time to pray for one another in their services. This is a very simple practice that continues to have a big impact in our city. The Art of Neighboring movement has also continued to gain momentum. There are now over 70 churches who are involved!. On April 15th this year, many of the churches in our community will once again be coming together to encourage our people to take the Great Commandment literally. A significant part of the movement is the concept of connecting with other believers to be better neighbors. If you have not yet logged on to the site to see what is happening in your neighborhood, check out, www.artofneighboring.com. This will allow you to find and partner with others who are participating in the movement.

I am excited and honored to have a chance to speak again at FBC on April 15th. I hope to see you then!
