Impacting the Nations...

One kick at a time!

Over the past few months I have been a part of our January RTO DTS (that's a Discipleship Training School). I have mainly been running our Sports Stream and pioneering our work in this area. Our team recently returned from our first outreach where we ministered for 2 weeks here in Townsville, and 1 week on Palm Island. You can see below some of the opportunities we've had during these three weeks. One of my highlights was working alongside the North Queensland Games. We volunteered and helped facilitate the opening and closing ceremonies. We were able to spread our 'infectious' spirit throughout the games and come alongside an amazing staff team.

From here our team heads up to Papua New Guinea. We leave tomorrow evening

and will be in Port Moresby for 3 weeks and Milne Bay for 3 weeks. During this time we will be running sports camps, volleyball tournaments, discipleship programs, and church services. Oh and not to mention handing out used foxy boots that were donated by the North Queensland Cowboys! We are really excited to be able to equip players and speak truth and life into people.

Please keep an eye out on instagram and FB as those are the easiest means of sending through updates.

I will only be with the team for the first 3 weeks, then I am returning to Australia. From there I will be heading back to America for one week for my best friends wedding!

Can't wait to send through another update when I get back!

Thanks for always supporting me and being a part of the team. Couldn't do it without all of you!

During our time in Townsville we ran a "Prevention of Substance Abuse" with the North Queensland Cowboys (our professional Rugby League team). It was an amazing time being able to speak to 20 indigenous kids at Shalom Christian College.

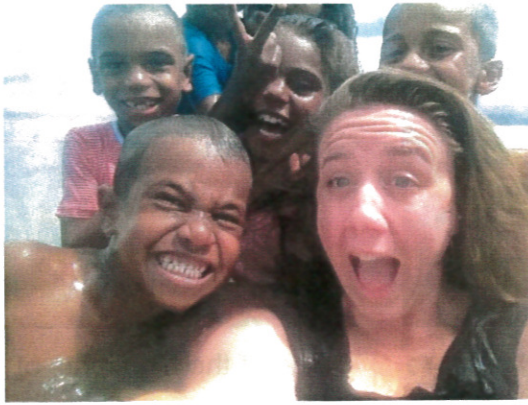

We also helped prepare for our yearly I WANT TO LIVE event. This is the first time we've run this event at our new campus. The Sports Plus team really put the PLUS in it this week. We did crafts, decorating, blowing up ballons, and anything else you can think over. So many people turned up and our message of LIFE was heard by so many.

One of the highlights of the outreach was Palm Island. We spent the week running sports at a local community club. We also were able to participate in an Open Day where we learned more about Palm Island and were able to be a part of a corroboree. That's an indigenous for a dance and music. A way to celebrate their culture.
